A photograph of two young people, a boy and a girl, sitting on logs in a forest. They are both wearing dark jackets and Scout uniforms. The boy is on the left, looking towards the camera, and the girl is on the right, looking down at a small object in her hands. A campfire with bright orange and yellow flames is in the foreground, partially obscuring the lower part of the image. The background is a lush green forest with trees and foliage.

The best thing you'll do this week (that's a promise.)

Whether you're a young person ready to explore the outdoors, try exciting new activities, and build lifelong friendships—or an adult looking to make a difference in your community while learning new skills—there's a place for you in Scouts. It's about confidence, teamwork, resilience, and fun. No prior experience needed—just a sense of curiosity and a willingness to jump in. Come join the journey, grow together, and help shape tomorrow's leaders.

Each week we help young people enjoy fun and adventure while developing skills for life. Why not be one of them?

Child and Family Counselling Services

Parents are now able to access direct support for their child by referring them into the safe hands of our Child and Family Counselling Services (CFCFS). We have a team of highly experienced Counsellors, Specialist Child and Adolescent Counsellors and Play Therapists available within the counselling team who work in our specially adapted therapy rooms.

We offer support to children, young people and parents through talking, play and art therapy.

CFCFS provides therapy to children, young people and families. We support many different issues such as:

- Self-harm
- Identity
- Anxiety
- Bullying
- Bereavement
- Parental separation and family issues or conflict.

The pathway is overseen by our Head of Child and Family Counselling Services, who is supported by a team that are both passionate about and dedicated to the wellbeing of children and young people. The team has achieved very positive and reparative outcomes for children and families.

What can you expect?

After an initial contact, we will arrange an assessment to explore the issues your child may be experiencing and will then identify which model best supports the difficulty your child may be facing.

Who do you contact?

If you are worried about your child and would like to talk to us further, please either email Catherine cmunns@bccs.org.uk or call on 07792 732206 and we will be pleased to help.

Take a moment to read about the experience a parent shared with us:

I had contacted a number of professional services to assist me in helping my daughter. At the suggestion of my daughter's school a referral was made to BCCS and it was then that I met one of their counsellors. After months of unanswered questions and "hitting brick walls" I finally had answers, structure and a profound understanding of how a small little girl's mind works.

For me, there has been nothing so worrying as watching your child struggle and the BCCS counsellor's help has enabled me to help her for which I will be forever grateful.
